# SOMEONE WILL REMEMBER US

**Tenth Muse Initiative** is a local collective founded by the next generation of classical musicians. While borne out of frustration with the lack of diversity which can be a mainstay of art music, Tenth Muse is now looking for the light, and showing the way. In under three years they've held an award winning Fringe Show; commissioned new works by emerging composers, poets, and artists somewhere between; and held concerts centred around everything from opera to cups of tea. All with the goal of highlighting the diversity that already exists in classical music, creating a platform for new voices in WA, and designing concerts which make classical music engaging and welcoming.
